## Audience Participation & Open Discussion

It has been a long time since those attending our sessions have had a chance to voice their views on subjects that are affecting our lives today. We are in the midst of several major issues, both in California and in the entire United States. As we read the newspapers (which I, personally, have no trust in providing any real truth or unbiased information. The same applies to television in more sites than I care to speculate on.

What is needed is a place to express our feelings and solutions where we feel it needs to be expressed. Unlike the news media who takes one side or another, you are being given an opportunity to address what you feel is important to YOU!

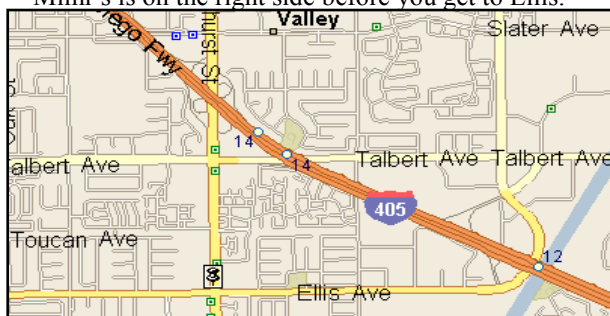

Each individual will be given 10 minutes to address their comments and for the rest, 2 minutes to respond. (This allows for more speakers and comments to be addressed).

No topic will be denied.

I hope that many more will attend this and be willing to address the group.

I expect that each in attendance will respect the time and subject of each individual

From 405 go south on Brookhurst. Map on next page.  
Mimi's is on the right side before you get to Ellis.

Doors open at 6:30
